UNITED STATES  
DEPARTMENT OF THE INTERIOR

INDIAN FIELD SERVICE  
Zuni Indian Agency,  
Zuni, New Mexico,  
July 22, 1927.

Commissioner of Indian Affairs,  
Washington, D. C.

Dear Sir:

There is enclosed the Statistical Section of the Annual Report, together with the census of the Zuni Indians.

This report has been delayed for the reason that the getting out of Cash papers and the work incidental to the preparation of the census could not be completed on an earlier date. The Office is advised that the census is not accurate and it will be necessary to make a house-to-house canvass before a correct census can be secured. It is planned on making such a canvass within the next three months, or before the school census is due. So many names have been changed and so many appear on the census without names that it is not possible to identify these Indians, in many cases, from their census number.

The meeting at Crown Point, discussion there over the taking of a census of the Navajos was of value as some method must be worked out here for identification of the individual Indian. While the taking of the Zuni census will not be as difficult as that of the Navajos, the same condition exists here with reference to the number of names by which the Indian is known, with further complications that when the head of the family dies, all members of that family drop the name of the father and take up some new name so that without some permanent identification it is difficult to keep a proper record.

Very truly yours,

*G. A. Trotter*  
G. A. Trotter,  
Superintendent.

Circular No. 2438

Annual Report  
and Census, 1928UNITED STATES  
DEPARTMENT OF THE INTERIOR

INDIAN FIELD SERVICE

Zuni Agency  
Zuni, New Mexico

July 18, 1928

Commissioner, Indian Affairs  
Washington, D. C.

Dear Sir:

Find enclosed the tribal census and statistical report for this jurisdiction for the fiscal year ending June 30, 1928.

*slat*

The Office will note that there are no past numbers given on this tribal census for the reason that very few of the Indians on the old census could be identified by number and it was thought best to make a complete new census, which would be the one used in the future for identification of all Zuni Indians. Because of the necessity of having this census forwarded to your office in accordance with circular number dated April 20, 1928, it has not been possible to check same as closely as will be done. Before the issuance of the discs to the Indians and securing the thumb prints of all heads of families it is planned to make a careful check and at that time should errors be noted your office will be advised.

The school census has not yet been made and the statistical report which has been made from the school census may not be accurate. On completion of the school census should any errors be found your office will be advised in order that correction may be made.

Yours very truly,

A handwritten signature in cursive script that reads "G. A. Trotter".

G. A. Trotter, Supt.
